

Call for proposals

Swiss Cancer Institute/
AbbVie Award for
digital innovation in
oncology & hematology

Application deadline: April 27, 2026

abbvie

Submit your project now

Artificial intelligence and digitalization are taking major leaps into medicine and hemato-oncology. Swiss Cancer Institute's Digital Innovation Award is funded by AbbVie and aims to support projects that pave the way for synergies between clinicians and information technology to improve standards of care.

The grant is endowed with CHF 30,000.

Last years winner was Dr. med. Giuseppe Salvi with the following topic:
Exploiting Integrated Clinical and Molecular Prostate Cancer Data for Better Care

Submission

Your application must be submitted electronically via events@swisscancerinstitute.ch

Application deadline: April 27, 2026
